

# HATCHET

BY GARY PAULSEN | **Final Project**

Name \_\_\_\_\_

We have finished reading “The Hatchet”, by Gary Paulson, and now it is time for us to display our knowledge! Choose one of the following projects to complete our novel study.

1. Create an illustrated calendar showing important days in Brian’s life during the 54 days he was stranded. Be specific in logging the events from the day of take-off to the day of rescue.
2. Use what you know about the Canadian wilderness, and Brian’s own survival to create a minimum ten-item survival kit for kids who might find themselves lost in the woods. Create an advertising poster that explains the contents of your survival kit and will attract potential buyers. Remember that those lost in the woods would not have access to electricity. Each object must be accompanied by a detailed explanation.
3. Write a best-selling survival guide written from the viewpoint of Brian to help prepare others to survive in the woods. Your survival guide should include 10 survival tips with a written explanation for each. Publish your survival guide into a book with a front cover and table of contents.
4. Create an illustrated time line showing ten significant events from Brian’s 54 days in the Canadian wilderness.

<b>Knowledge, Understanding and Accuracy of Novel</b>	Visual demonstrates excellent knowledge of the novel. All information presented on visual is correct.	Visual demonstrates very good knowledge of the novel. All but a small amount of information presented on the visual is correct.	Visual demonstrates satisfactory knowledge of the novel. There are many pieces of information in visual that are not correct.	Visual demonstrates limited knowledge of the novel. There are many pieces of information in the visual that are not correct.
<b>Quality and Attractiveness of Visual Piece</b>	Lettering and decorations are neat; Explanation of visual is clear and concise; There is correct spelling and punctuation; The visual is interesting and it is appealing to the eye	Lettering and decorations are mostly neat; Explanation of visual is considerably clear and concise; There is correct spelling and punctuation on most words; The visual is interesting and it is appealing to the eye.	The visual is fairly neat, however there are some visible errors. Some words are spelt incorrectly. The visual is fairly interesting with a moderate amount of visual appeal.	The visual is somewhat neat, however, there are quite a few errors and spelling mistakes. The visual is somewhat interesting, however it is not hugely appealing to the eye. Improvement is needed.
<b>Explanation of Visual Piece</b>	The explanation was written clearly enough to know which scene was being depicted.	An explanation was written but one part of the visual needed slightly more explanation.	An explanation was written, but it was still difficult to figure out which scene was being depicted.	An explanation was written but it did not describe the scene being depicted.
